Enclosures:

Ref. No. 60535-G/41 dated 12th January 1942

Sir,

Sub:--Buildings - Government Hospital, Kollegal - Quarters of Civil Assistant Surgeon - Improvements.

I forward herewith for the administrative approval of Government plans and estimate amounting to Rs.600/- for improvements to the Quarters of the Civil Assistant Surgeon, Government Hospital, Kollegal. A copy of the letter from the Civil Assistant Surgeon to the District Medical Officer, Coimbatore, explaining the necessity for certain improvements to the Quarters is herewith enclosed. The estimate is only for some of the most essential improvements mentioned therein and therefore I request that Government may be pleased to approve it.

A rent data statement is also enclosed.

For Surgeon-General with the Government of Madras.

Copy of the letter No.114/40 Dated 24-4-40 from the Civil Assistant Surgeon, Kollegal to the District Medical Officer, Coimbatore.

I wish to bring to your notice that the kitchen belonging to the Assistant Surgeon's quarters is situated within the main building. As it is so, and besides as it is small and inadequate, the smoke from the kitchen pervades through all the rooms of the building. I request you therefore that a separate kitchen with a store room may be built a little away from the main building using the wall of the compound as a back wall.

During the visit of the Executive Engineer, Mettur Dam in March 1940 I pointed out to him the necessity for a good motor garage. Steps may kindly be taken to construct a motor shed.

I may add for your information that I was posted to Kollegal in 1916 (i.e.) 24 years ago and I was occupying the quarters during the time. It is over 24 years, I find no addition or enlargement of the quarters, though I need hardly point out that my family has increased since and find the quarters too inadequate for my family. I have pitched up a small tent for my use as the house is too small. I am aware of the increased capital and consequent increase of house rent should these additions be given effect to.
